

KEY FOB PTT

User Guide - Pairing

CLARUS

Key FOB PTT

INSTRUCTIONS

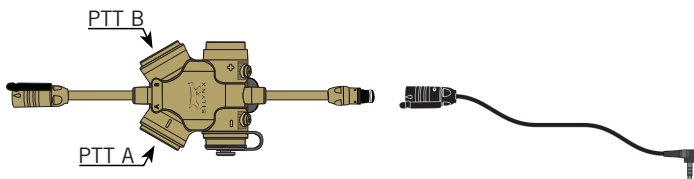

1. Power on CLARUS (Press and hold (+) for 5 sec).
2. Press PTT B quickly 5 times.
3. A slow beeping tone heard in the headset indicates the CLARUS is in pairing mode. (As the pairing time runs out the beeping will speed up)
4. Position the Key Fob PTT close to the CLARUS.
5. Press all three buttons on the Key Fob PTT (“lock”, “unlock”, and “panic”) at the same time.
6. A short rapid beeping confirmation tone will indicate a

Note: Pairing must occur within 60 sec after powering on the CLARUS
